

Shepherd's Heart Enrichment Tutorial

...planting seeds today for tomorrow's harvest.

Greetings Home School Families,

Welcome to our Shepherd's Heart Enrichment Tutorial community! We look forward to partnering with you as we prepare for the upcoming 2011 – 2012 school year! At the start of our 17th year it is exciting to see that our founder Laurie Montgomery's godly vision continues to grow and prosper, while still blessing so many home schooling families.

Our program offers enrichment classes for ages Pre-Kindergarten through Eighth Grades. The Pre-Kindergarten, Kindergarten, First and Second grades are self contained classes. These classes are under the leadership of one teacher for the full year. Our self-contained class teachers are experienced elementary teachers, many of whom have Early Childhood and Special Education degrees. They foster a loving and safe environment for your child to learn.

The Third through Eighth grades are set up to rotate between five different classes during the day. We offer ten classes every year to this group, a total of five classes each semester. Our teachers for these grades have years of experience in the subjects they teach, and all have a passion for teaching. We are careful to provide our Seventh and Eighth graders with a more accelerated and in-depth enrichment to accommodate their upperclassmen status.
